A SPEEDY AND PERMANENT CURE

"We express to you herewith our best thanks for the cure of our baby from the child was three months old. We applied to several doctors and hospitals, each of which gave us something different every time, but nothing brought relief. A physician recommended a salve which we threw into the fire after two days' use as the eczema became worse us Cuticura Soap and Cuticura Ointment could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the baby is six months old and is quite cured. All that we used was one cake of Cuti-cura Soap.and two boxes Cuticura Ointment, costing in all \$1.25. Even the poorest man can pay that instead of throwing it into the doctor's lap. I myself only make twelve dollars a week as a teamster, but I recommend the Cuticura Remedies strongly to all mothers whose children suffer from such diseases. They are cheap, harmless and good. C.
